LOOKING FOR A FLATSCREEN MOUNT?

Please use our Screenfitter configurator to find the matching mount for your television or monitor.

How does it work?

Simply select the brand and type of your flatscreen as well as the kind of mount you are looking for and press the "SEARCH" button. The results will now appear!

WWW.SCREENFITTER.EU

Most flatscreen televisions and monitors have a VESA hole pattern on the back of the screen. VESA (Video Electronic Standard Association) is the worldwide standard that all manufacturers of flatscreens use.

On VESA compliant screens you will find 4 screw holes in a square or rectangle on the backside of the screen. NewStar's mounting solutions are all designed to fit the various VESA standards. NewStar also has solutions for flatscreens that are not VESA compliant. Please use the Screenfitter on our homepage to check the compatibility. In case you have any questions about the compatibility of NewStar mounts for your flatscreen, please feel free to contact our sales department.
