**i VIEW CLASSIC**  
Adding Digital Flavor

In today's market place, with increased competition and traditional means of advertising failing to capture consumers attention; engage, inform, and educate at the point of purchase. Communicate the features and benefits of your products at the place where 60% of unplanned purchases are made... at retail.

The i View is a compact 10.2" digital signage solution, that has the ability to deliver digital communication anywhere and anytime. The i View is equipped with a WiFi system that automatically connects to our web based, easy to use remote content management system, the i Display+. The i View is available with an optional long lasting rechargeable battery, which offers the flexibility of being able to fit in any location without the need for any cabling.
