

iVIEW

UID0104

The i View Android is a 10.2" interactive digital signage display suitable for a wide range of retailers, brands, advertising agencies and the food and beverage industry. The i View Android features a high quality resistive touch screen, Wi-Fi connection and an internal browser. The rotating screen allows applications to run in either portrait or landscape mode. Powered by Android 2.3 OS the i View Android can run a large variety of retail oriented applications which help gain customer attention, engage and inform customers and as a result, increase sales.
