

## Visual Agendas deployment for Meeting rooms

**Reservelt!** from Best Wave is the quickest, easiest, and least expensive way to deploy visual agendas for meeting rooms. With Reservelt! You simply update your calendar and the digital signs outside of each meeting room are done! Link a JPG image to a schedule item and it will display along with the agenda. Perfect for guest welcomes, and other messages!

### ✓ Simplicity

Just update your calendar as you always have. Select the room name from the Location: pop-up menu to link the event to the correct room display. That's it!

### ✓ Outlook, Spreadsheet, Calendar

**Reservelt!** will import content directly from an Outlook Personal, or Exchange Server Calendar. It can also use exported data from any other calendar system. Or, simply create a spreadsheet with event information. All options result in the same great look!

### ✓ Low Cost

No up-front fees, or recurring costs. License for the rooms as you need, add more later.

### ✓ Any Number of Room displays

**Reservelt!** can handle any number of rooms networked to your central server. The displays "pull" content, so there is virtually no limit to the number of rooms.

### ✓ Simple formatting

Formatting the look of your room schedules is as simple as clicking on a line of text and typing. You can set the Title, Sub-Title and Footer text to whatever you want.

### ✓ Master Format

The built-in Master format can be modified so that new displays will take on the look you want. Then tweak the individual room formats as necessary.

### ✓ Font Flexibility

Each text line is set to any Font, Style, and size you want, including your Corporate font. Sixteen great font colors are available.

### ✓ Backgrounds

**Reservelt!** includes 60 sample backgrounds that you can use as-is, or modify to fit your corporate color scheme. Or, incorporate backgrounds created by your art department for the ultimate in design flexibility.

### ✓ Date and Time

You may add the date in short or long format or the current time to the Title, Sub-Title, or Footer line on any schedule.

### ✓ Lots of Rooms

Depending on the font size you select for events, Reservelt! can put up to 16 lines of event information on each of 2 screens, for a total of 32 events per day per room!

### ✓ All-Rooms Display

In addition to small screens in front of each conference room, you can display the agenda for the entire facility on a single display.

**Reservelt!** builds a composite agenda for all rooms automatically.

### ✓ Updating Flexibility

Set your updates to occur every minute, every four hours, or anything in between!

You control how often updates occur. Events can remain after they are over, or be removed automatically.

### ✓ View What Is Being Shown

**Reservelt!** has a viewing area where you may select a room name from a pop-up menu and see what is currently being displayed.
